賞蝶、戲水、悠遊體驗農園鄉土之美

Come butterfly watching, light paddling and experience the country-side beauty offered by our farm.

進入高雄農場：

迎接我們是濃濃客家味的陶酒甕與紙傘水簾，高大的椰子樹與藍天，猶如置身於南洋悠閒風情中。具有歷史的蔣中正銅像，佇立在綠油油的大草皮上，三五成群的大、小朋友在這放風箏、玩飛盤，跑跳追逐，自然、純樸、田園野趣，讓您的城市風拋離遠方。

Greeted by traditional Hakka style clay wine pots and paper-made umbrellas as you enter our farm, you're instantly treated to a South Asia style laid back atmosphere among the blue sky and coconut trees.

Standing amid a great grass plain is a statue of the historical figure.

Mr. Chiang Kai-shek. Children and adults all enjoy their time here, flying kites and Frisbees are so relax here, and let the nature and beauty of the countryside take away from your urban stress.

彩繪紙傘 Color Painting On Paper-Made Umbrellas

紙傘在客家人的民俗裡，象徵團圓之意，且「紙」與「子」諧音，而「傘」字中有四個人，更象徵多子多孫，故客家人大多以紙傘做嫁禮。親子、團體人手一支紙傘，在發揮創意中不同的圖案讓來此一遊，不虛此行。

In traditional Hakka culture, paper-made umbrellas of a family represents the reunion of a family, hence paper-made umbrellas are given as wedding gift among Hakka people. For our visitors, painting on a paper made umbrella lets you express your creativity.

洗愛玉 Ficus Fruit Picking

愛玉原產於高海拔的藤蓐植物，在本園的愛玉果樹長的出奇茁壯。將包裹在濾布裡的愛玉子放進水中搖揉，透明潔淨的水，漸漸染上變成金黃色；約十分鐘後，膠質釋出約二十分鐘，等水面凝固後就有晶瑩剔透的愛玉，加上檸檬、糖水，就變成消暑退火的檸檬愛玉可享用了。

Being a rattan-like plant originally grows on high altitudes, we managed to grow ficuses with decent results at our farm. Putting ficus fruit seeds in the water, wrapped in filtering cloths, coloring the water into faint yellow. When this gel coagulates, a ficus jelly is made of sprinkling lemon and syrup on top, turning into a popular treat in the hot summer.

擂茶 Hakka Pestle Cereal

客家擂茶留傳已久，早期純樸的客家人常在旅途中攜帶堅果類的果實，在旅遊行程中，以擂鉢搗碎堅果，加上溫熱開水加以調和，藉以滋補身體；另擂茶還可用來待客，順時好擂茶表示歡迎來客，千萬不要以反方向擂哦！

The Hakka pestle cereal has a long history. In early times, Hakka people always brought hard-shelled nuts with them on long journeys. They would crush them into powder with a crusher and mix them with warm water, serving as a nutritional supplement. It is also a gesture of friendliness to serve guests with the pestle cereal, which is crushed in clockwise direction. Remember to crush it clockwise!

搗麻糬 Rice Cake Mixing

麻糬也是客家待客點心中不可或缺的，用長糯米在臼中加以搗勻，和上糖粉、芝麻粉、花生粉，就成了客家人口中的「齊肥」。

Rice cake is another essential item in serving guests in Hakka people traditions. After crushing and grinding long glutinous rice, it is mixed with sugar, sesame powder and powdered peanuts to become what is known as "Chi-Ba".
